DETAILED ACTION

Reissue Applications

The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following: Applicant stated that independent claims 1 & 19 were too narrowly drawn to comprise "the delipidated fraction is recombined with the blood cells and returned to the subject." However, upon review of the independent claims 1 & 19 both claims still recite the limitation. Therefore the supposed error applicant relied upon to support the reissue application is not an error upon which a reissue can be based. See 37 CFR 1.175(a)(1) and MPEP § 1414.

Claims 1-21 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175. The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

The original patent, or a statement as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CFR 1.178.

It is noted that applicant has amended the inventorship to add Bill Elliot Cham.

R sponse to Am ndm nt

The preliminary amendment filed 6/12/01 (amending claim 1) does not comply with Rule 1.173(b)(2)&(d) in that the changes relative to the parent are not shown by the appropriate markings (bracketing for deletions and underlining for additions). The amendment was filed according to guidelines set forth in 37 CFR 1.121 that deals with amendments for "regular" applications rather than reissue applications. A new amendment in compliance with 37 CFR 1.173(b)(2)&(d) is required.

Also, sheets of newly presented claims 22-47 have been submitted, however, it is unclear as to when they were filed. They have not been entered at this time. No paper sent in with the application refers to these claims, including the reissue declaration. 37 CFR 1.173(c) was not complied with when presenting these claims in that an explanation of the support in the disclosure of the patent for the subject matter of those claims was not provided. If applicant desires these new claims to be entered, resubmission with explanation in compliance with 37 CFR 1.173(c) is required along with an appropriate declaration.
